Enclosure No. 2.

Sir.

I have the honor to enclose herewith for your kind perusal and information:—

(1) copy of the Sanjeev Taluq Amildar's no. nil dated 17.3.85 to Mr Srikanta Dastry our Head master of the Sanskrit School in accordance with the Darbar's proceedings no 273 for March 1st

No 793 of 31-1-96

ment establishment of this school and

copy of the proceedings of the meeting of the school Committee held on 12-1-96 in Connection with the subject of the introduction of the Veda classes in the School.

From the order given to the Headmaster it becomes obvious that the 6 teachers whose names are noted therein are to form the school establishment, three for general Sanskrit literature and three for the three Vedas. The Veda teachers are specified therein to be those who receive the pay of Rs 2-2-0 and 30 Seers of rice Savaysha per mensem from the Chutram funds.

At the time that this order was issued, ie in 1885, the school was being held in Konerisetty Ganapathy Mantapam and there being no sufficient space the Veda classes were then not introduced. In 1888 the school was shifted from the Mantapam to the present building which was

Constructed.

Constructed from public subscription
under the kind supervision of Mr. P.
Singlachar Munsiff in commemoration
of the last Jubilee. The then Amildar
it appears, did not insist on the
three veda teachers forming the members
of the school establishment and
teaching the vedas to the boys of
the School. Even when the school
which was being maintained from
the Temple funds was made a grant
in aid one recently, the Dewan
proceedings above referred to, it seem
were not duly brought to the notice
of the Inspector general of
Education and the Inspector Supdt.
Any how the veda classes have
not been introduced in the school
up to date, the proceedings have
not been given due effect to, and
the veda teachers allowed their own
manual way of teaching.

The public here desire the
vedas being taught to the pupils

in the school and inform me that the three veda teachers have turned out very few pupils up to date since they were not insisted upon by any body to shew certain definite progress every year. They also say that if the teachers were attached to the school and placed under the supervision of the Head master and the School Committee, they may be asked to shew some certain progress & the school boys will be benifited good deal. Their request is reasonable and deserves due consideration. In the meeting above mentioned, it was resolved that it is desirable to introduce veda classes in the school and that the Mysore authorities must be requested to order the 3 veda teachers to form the members of the school establishment and teach veda adyanam to the school boys

5. Under the above circumstances I request you will

will be pleased to order the 3 Ved
teachers who are now attached
to the Chatram, to become the
members of the school esta:
=blishment, be under the super:
=vision of the Head master of the
school and its Committee and
teach the vedaadyana to the
school boys. The Committee
will see that they are shewn
proper places for teaching
